J. H. Asher

Rev. Aubrey F. Russell

Baptists To Hold Revival July 14-21

The First Baptist Church, Cameron, will observe the Rev. Aubrey F. Russell's sixth year as pastor here with a revival July 14-21.

J. H. Asher, music and educational director, will lead singing during the revival.

Deacons of the church announced the revival early this week after naming the theme "Church Family Revival" for the week-long occasion.

Rev. Russell, beginning his sixth year of ministry in Cameron, will preach the revival messages.

Daily services will be held starting Sunday at 7 a.m. and 8 p.m.

The public is invited to join in the worship.

A theme of "Church Family Revival" was chosen because the revival is being promoted by members of the First Baptist Church for the people of Cameron, church officials said.

Rev. Russell came to Cameron five years ago from a pastorate in Georgetown. Asher joined the church staff later the same year.

6-Dam Program Due For Hearing In BRA Meet

MINERAL WELLS — Pros and cons of the Brazos River Authority's great Six-Dam Program for development of the main stream of the Brazos River will be aired at a public meeting to be held in Austin Tuesday, July 16.

The meeting, called by the authority, will give both proponents and opponents of the development plan a chance to file their opinions for the public record.

Gov. Price Daniel, who has been following developments in the controversy over the plan, is anxious that all interests get on the record at this meeting.

The authority's board of directors will meet in Austin July 15 for its regular quarterly session. Next day, at a special session, it will review interests of present and potential users of water of the Brazos water shed as related to the Authority's development plans on which federal legislation is now pending, it was announced by H. S. Hilburn, president of the Authority.

Oxsheer Smith, Cameron banker is a member of the board and chairman of the BRA Finance Committee.

The conference will open at 9:30 a.m. July 16 in the State Room, third floor of the Commodore Perry Hotel, in Austin.

"Those wishing to be heard should register names and whom they represent with the Authority's staff by 9:15 a.m. July 16 so that time may be arranged to mutual convenience," Hilburn said.

"Statements should be as condensed as practical to permit sufficient time and the opportunity for all who so desire to be heard."

VFW Post Holds July 2 Meeting At Ledbetter Park

Ben Milam VFW Post 2010 met July 2 in Ledbetter Park with 30 members present for initation ceremonies.

Comdr. Hendricks, Thorndale, directed the ritual team that gave obligations to seven members. They are: Raymond Green, Alfred Gebner, Wallace Small, John C. Komar, John Houston, Charles Manning and Joe N. Louis.

Assisting in ritual work were Sr. Vice-Commander Walter Plocek, Jr. Vice Commander Pete Mikula, Chaplain H. B. McClellen and Bob Bennett, officer of the day.

Post Comd. Ed Longhoffer told the group of the successful flag sale drive sponsored by the group and sold by Boy Scout Troop 52.

Dist. Comdr. Harrison commended the group on its splendid record and said the post was in line for a citation.

The group and guests enjoyed a barbecue following the program.

Hearing Postponed On Restraining Order

Counsel for Mayor Weems and the city Wednesday agreed to the later hearing date due to death of Weems' sister, Mrs. Willie Fulton, who died in an auto accident near Belton Tuesday.

In the Monday meeting, the court will rule whether to dismiss the order or to set a temporary injunction which could stop work for months, officials said.

District Judge O. D. Graham, July 5, granted Weems a temporary restraining order to stop city workmen from emplacing a 16-inch waterline along a portion of South Washington to which Weems claims property rights.

Swine Tour Set To Begin Friday For Milam Group

An annual Milam County swine tour is scheduled to start 8 a.m. tomorrow at the Cameron Postoffice, according to Bennie K. Whiteside, assistant county agent.

The group will observe the county Sears swine program and visit some swine breeders in the county and two Farm Bureau-sponsored gilts.

Whiteside extended an invitation to everyone interested in county swine program to attend. He said a sack lunch may be carried for the noon meal.

He listed the following route for the day:

From Cameron to Wayne McLerran's, Salem road; on to Montie Mueck's, two miles from city on Salem road; through Sharp to Linda Winfrey's, near Davilla; through Davilla on Friendship road to the Cargills; then on Friendship road east to Corinth community to Arnold Glaser farm.

Lunch will be at Buckholts.

The afternoon tour will be: From Buckholts on Yarrellton road to Carl Gonten's; to Robert Jungmann's; on toward Cameron to Rummells; then to Anton Moraw's and back to Cameron; from city to Henry Richter's; then to Richard Jistel farm; on to Hubert Jistel's.

New Water District To Vote $145,000 In Bonds July 27

A $145,000 bond election to finance the Brushy Creek Water Control and Improvement District No. 1 will be held Saturday, July 27.

The new water district includes parts of Milam and Williamson County.

Directors of the district called the vote in a special recent meeting.

Voters will decide whether to sell bonds or obtain a government loan.

The directors also authorized issuance of $5,000 in preliminary bonds and levied an ad valorum tax to pay for the preliminary bonds.

Twelve precincts have been established for voting in the water district with 10 in Williamson County and two in Mflam.

The tax assessors of both counties were named to collect and assess taxes in district areas in their counties.

Bonds purchased by the district would mature serially over a period of 30 years while the term of a government loan would not exceed 50 years, officials said.

Cemetery Association To Hold Homecoming

The Marlow Cemetery Assoc. will hold its annual homecoming 10:30 a.m. Sunday at the Marlow Baptist Church.

The general public and relatives of those resting in the cemetery are invited, according to association officials.

A noon basket dinner will be held followed by a program by the Milam County Singing Convention about 2 p.m.

A business meeting of the association will be 8 p.m. tomorrow night at the Marlow Baptist Church.

Officers of the organization are: President, Morris Coward; vice-president, H. L. McClaren, secretary-treasurer, Miss Lenora Bickett; committeemen, Mrs. R. J. Woodum, Mrs. T. R. Allen, Mrs. George Jones and J. P. Coward.

Burts J. Kennedy

Scout Executive Assumes Duties In Milam Area

Burts J. Kennedy, 24, formerly of Brownwood, has been named Milam County area scout executive for the Heart O' Texas Council.

He told The Herald earlier this week he will move to this area as soon as living facilities could be found. He hoped to move to Cameron.

Kennedy visited in Cameron Monday to discuss scouting needs with city scout enthusiastis.

A graduate of Howard-Payne College, he has served in an active capacity as a scout leader and worker for 10 years.

While in the Army Medical Corps, he headed a troop at Fort Knox, Ken., and worked with three scouting units in Orleans, France.

At Howard-Payne he had served both as assistant and scoutmaster at the college.

In other scouting activity, he has been named to the Order of the Arrow and named lodge chief and advisor of the Scout honorary.

He also was a member of the Comanche Trail Council office staff and was the Sherman Area Council executive.

Kennedy entered scouting in 1943 and four years later was an Eagle Scout.

Polls To Open Tuesday For Parking Meter Election

1050 Eligible To Cast Votes On Question

About 1050 eligible city voters will go to the polls Tuesday to determine whether 276 parking meters in Cameron will go or stay.

The election was called by a unanimous council vote May 21 to test the popular attitude toward the parking devices. Councilmen pointed out that a vote had been considered several years ago when the meters were installed, but was not conducted.

Polling place will be City Hall which will be open from 7 a.m. to 7 p.m. for voting.

The meters were installed in 1950, officials point out.

Presiding election judge will be B. J. Matocha; judge, Dan Gunn; and clerks, Mrs. John Ryan and Mrs. R. W. Bennett.

City officials this week expected a light vote, but gave no predictions of the election's outcome.

Neither proponents nor opponents of the meters have been too active in the past few weeks.

Farm Bureau Extends Contest Entry Time

The Milam County Farm Bureau has extended entry time for its annual queen contest to 5 p.m. Friday, according to Miss Lenora Bickett, Bureau secretary, for July 25 at Simon-George Hall.

The annual contest has been set. Last year about 12 contestants entered.

Only three entries had been received at presstime.

The girls will be judged for poise, personality and appearance, Miss Bickett said. They will be required to speak on a topic related to Farm Bureau activities.

City Couple Plans Flight To Japan

What would you see if you visited Tokyo, Japan, the Hawaiian islands and Wake Island in the Pacific?

Mr. and Mrs. Jack Cammer, Cameron, will be two observers who will see the highpoints of that island empire in the next five weeks. And they will report their experiences in your Cameron Herald.

They will leave Amon Carter Field, Fort Worth, Monday for San Francisco and an ocean-hopping 9,000-mile flight, to Tokyo to visit their daughter, Mrs. John Adams.

Their flight will take them to Honolulu and Wake Island and several weeks in the land of Nippon. What they see you will see through weekly dispatches to The Herald.

They plan to visit their daughter and son-in-law who is serving in the air force near Tokyo.

Mr. and Mrs. Cammer have graciously consented to share their experiences half a world away with Herald readers.

During their flight over, they will spend 27 hours in the air. They hope to stop off in Hawaii on the return trip for a few days.

Here's Review On Pro's, Con's About Meters

City officials have been quick to point out that the pro's and con's of the parking meter question bring interesting points to light for both proponents and opponents.

The vote Tuesday has been called to allow voters to poll any substantial disfavor or continued approval over the parking devices according to a consensus of council members.

The council pointed out in May when the election was called that a city vote on the newly installed meters several years ago was not held. They voted unanimously for the July 16 vote.

Revenue Source

Proponents of the meters emphasize that the meters furnish a vital source of revenue to maintain numerous city services.

Records show the meters produce about $12,000 per year in revenue which was figured into the 1956-57 city budget, accounting for about 18 percent of the $62,000 budget.

Councilmen point out that if the source of revenue was cut, either taxes would have to be increased to make up the deficit or some city services would have to be curtailed.

Opponents of the meters in some quarters have been critical of the administration of the meters.

Other observers say that the philosophy of meter administration has been more for revenue and not as traffic control devices.

Proponents say that the meters are a traffic control measure.

Business Influence

The presence of the meters since installation in 1950, other critics say, has hurt downtown business.

But the man on the street, say proponents, likes the meters because they assure him of parking space during rush hours in the business district.

Councilmen say that farmers seem to favor the meters for the same reason though others would rather not have them.

One councilman points out that the meters need complete checking and overhauling. They are seven years old.

Councilmen seem to agree that of those who have contacted them about the meter question thus far, the majority has favored keeping the meters.

But it's up to about 1050 eligible voters Tuesday to decide the question. They will have the final word.

Braves Edge Into Little League Lead

The Little League Braves stepped into the lead Monday night after two wins last week while the Indians split two to slip to a close second spot.

In Monday night games the third-place Yankees took a 13-6 win from the Indians after establishing a 10-run lead in the first inning.

The Braves scored 26 runs and held the White Sox to five in the other Monday game, scoring heavily throughout the contest.

J. Cook was the big gun for the Braves with three singles and two homeruns. L. Lattere scored three times on two bingles and a homer.

Top hitter for the Sox was E. Vogelsang with two triples during the evening.

In the Yank-Indians contest, the 10-run first for the Yanks sewed up the ballgame while the Indians scored five runs in the last inning in an effort to close the gap.

Little League Standings

Braves	8	2	1
Indians	8	3	
Yanks	4	6	1
Sox	1	10	

Yank pitcher J. Parker set down 14 Indian hitters though B. Nelson touched him for a homerun in the second.

Thursday night the Indians turned the trick, 14-8, over the Sox on seven hits. A big Indian third inning scored 10 runs to overcome a six-run first inning lead for the Sox.

The Sox were held to no hits, but they scored eight runs on 16 walks. Big hitter for the Indians was B. Dympky with a double and homerun in four times at bat.

The Thursday night Yank-Brave contest saw the Braves take the edge with a 6-3 win on six hits.

The Braves surged into the lead with three runs in the first two innings on a homer by J. Smith, double by R. Moraw and triple by D. Partie. Both squads scored in the last two frames as J. Heitman punched out a double and triple for the Yankee cause.

A four-run last inning effort sent the Braves home winners as they bunched a double, single and two bases on balls for the scores.

The Yankees got four hits.

Mrs. Fulton, Husband Die In US 81 Crash

Mr. and Mrs. Willie Fulton, Arlington, Texas, died in a two-car collision Tuesday 2.3 miles south of Belton on US 81.

Mrs. Fulton is the daughter of Mrs. A. N. Weems, Cameron. Six sisters and four brothers also survive.

Two others killed in the second vehicle were Mr. and Mrs. John D. Reddick, Quincy, Ill.

Miss Janette Holm, 17-year-old niece of the Reddicks, is in Sewell Hospital with brain injuries and a broken thigh-bone.

State highway patrolmen said the absence of skid marks indicated the cars collided head-on without either driving applying his brakes. They collided about in the center of the road.

Fulton ran a used car business in Grand Prairie. They hand just moved to Arlington.

Funeral arrangements are pending, but probably will be in Grand Prairie today.

Survivors are: four children, Mrs. Rita Wastrom, Belton; Mrs. Glenda Bostik, David Fulton and Billy Fulton, Grand Prairie; Mrs. Fulton's mother, Mrs. A. N. Weems; six sisters, Mrs. A. M. Chambers, Napa, Calif., Mrs. August Horstmann, Mrs. Lois Haddox, Mrs. Grady Little, Mrs. Eugene Barmore and Mrs. A. O. Bridges, all of Cameron; four brothers, Melvin Weems, Roy Weems and Robert Weems, Cameron and Owen Weems, Jacksonville; and 10 grandchildren.

Hughes Recovering From Cycle Injuries

Dwight Hughes, son of Mr. and Mrs. Stanley Hughes, is recovering from injuries in an Austin hospital today following a two-motorcycle accident about 4 p.m. June 30.

Young Hughes, a 1957 graduate of Yoe High School, was thrown about 50 feet from his motorcycle when he collided with another in Austin. He and his father, on another vehicle, had left the races 10 minutes before the collision occurred.

He is recovering from a broken right hand and cheekbone. The 17-year-old youth underwent surgery Friday to set the cheekbone.

One of two riders on the other motorcycle, both from Dallas, also suffered injuries.

Hughes is expected to be released from the hospital this weekend.

IOOF Grand Master To Visit Cameron

Raymond Gage, grand master of the IOOF Lodge of Texas, will make an official visit to the Cameron IOOF Lodge 7:30 p.m. Monday, according to Bassel Wilson, district deputy for District No. 16.

Wilson said the Cameron IOOF Lodge will have a buffet supper for all visiting lodge members from throughout Central Texas.

District No. 16 comprises Conroe, Navasota, Hearne, Rockdale, Bryan and Cameron. Lodge members from Waco, Temple, Taylor, Florence, Gatesville and McGregor have been invited, he said.

Wilson extended a cordial invitation to all IOOF members to attend.

He pointed out that Grand Master Gage's visit would be the first official visit of any Texas grand master in the more than 100-year history of the Cameron lodge.

Local lodge members are most enthusiastic about the visit, Wilson siad.

The Cameron IOOF Lodge has been particularly active in the past few years, Wilson continued, sponsoring and assisting many organizations.

Most recent IOOF contribution is the locally sponsored IOOF Pony League baseball team. The Cameron lodge furnished suits and equipment for a full team this summer, the Colts.

Six Area Artists To Show Painting In City Display

One of the first Cameron art displays in recent years will open to the public Sunday at the Magnolia House where the works of six area artists will be presented.

A collection of about two dozen oil and water color paintings includes still lifes, portraiture, land scape and rustic home interpretations, according to Jim Fridstein, Magnolia House proprietor.

Contributors to the showing are Mrs. George Bowman, Mrs. Sylvia B. Love, Mrs. Morris Eplen, Mrs. F. J. Dusek, Dorothy T. Smith and Wallace Dreyer.

the concern, Fridstein said.

The Sunday showing will open 11:30 a.m. and last until 2:30 p.m., he pointed out.

New works by other local artists will be added periodically, he continued. The display will be open to the public during regular week-day hours.

Spotlight On Horse Show

Club Expects 100's Of Entries

The two-day riding event sponsored by the Cameron Saddle Club is expected to draw hundreds of contestants from around the South west July 19-20 during the third annual Cameron Horse Show.

A six-trophy winner in riding competition this year, the club is rounding out a program that includes a big street parade July 19 followed by quarter horse riding events two nights here.

Members Working Hard

Club officials proudly point out that the event has grown each year with hard work contributed by club members Hallie White, Mrs. Joe Hickman, Barbara Jo Hickman, Mary Belle Batte, Jewell Barron, Lyle McDermott, Murray McDermott, Charles Bailey, Vaughn Jenness, Pete Smith, Coleman Duncum, Kenny Fuller, John Morris Duncum, R. G. Grabein and Mr. and Mrs. R. L. Batte Jr.

A total of 42 Cameron and Rockdale business concerns and individuals have sponsored use of an organ and furnished trophies for the two-day event.

The parade starts 5 p.m. July 19 at Santa Fe town, winds through downtown Cameron and returns to the starting point. Shetland and Palomino halter competition starts after the parade at Yoe Athletic Field.

The quarter horse show starts the next morning at Ledbetter Park, attracting in the past two years top notch riders and horses from Central Texas and other southwestern states.

Parade Entries Invited

Officials invite local business concerns to enter floats or other mobile displays in the July 19 parade. Contacts should be made by Monday with Mrs. R. L. Batte Jr., by those desiring to enter the parade.

Trophies will be given to top winners in the parade and all riding events. The horse show will feature roping, reining and cutting competition.

The host Cameron club numbers a membership of 109, officials said.

They expect thousands of people to be in Cameron the weekend of the show.

Vote Your Convictions

July 16 is the date of an election in Cameron—the vote to consider keeping or rejecting parking meters.

For a lot of eligible voters, this election or any for that matter, has little attraction. Some will say their vote will make no difference in the outcome. Others will be too busy to get down to City Hall to cast a ballot.

Whatever their convictions, still others will find it too hot to take time to vote.

But the point is that the meter election or any election is of vital importance to the people. It is not just a privilege, but a duty to cast a vote based upon conviction for the way one believes.

Familiar are the stories of elections being swung by a few or just one vote. Congressmen, senators and basic national issues have been decided by so slim a margin.

It is a dangerous habit not to vote where one's interests are involved. And one's interests and rights are involved to some degree regardless of the issue.

The polls at City Hall will open at 6 a.m. and close about 7 p.m. July 16. The Herald invites every eligible voter to go to the polls and cast his convictions.

It may be one vote that spells the difference in this election. Or it may be an overwhelming majority will turn the tide. Whatever the outcome, vote.

THE LITTLE RIVER PHILOSOPHER

LR Sage Forgets Farm Problems, Examines Russian Strategy

By J. A.

The Little River Philosopher is ranging far from his farm this week, his letter reveals.

Dear editar:

While it may sound a little odd for a country that can't figure out how to ban a crop surplus of its own to be attending a meeting of world leaders on how to ban the world-wide testing of the Hydrogen Bomb, none the less I was reading about the conference they held over in London recently on banning these H-bomb tests and I went to the trouble of skipping working in the field two whole days just to think about it.

As I understand it, the United States is willing to ban these tests, provided Russia will agree, and Russia will agree, provided we'll take her word for it.

Now I'll tell you. Outside of trying to buy a money order on the installment plan, I don't know of anything harder to do than trying to get Russia to live up to an agreement.

If Russia agrees to ban further testing, it means one of two things: either she already knows all she needs to know about the things or she'll go right on testing them. If some inspector heard one go off, the Russians would smile and first say there wasn't a thing to it, it was just some kid exploding a firecracker back in the Ukrane. If the inspectors swore their detecting devices showed it was a hydrogen bomb, the Russians would promise a full investigation, and after six months of talk would admit a bomb did go off, but it was an accident, some scientist was leaving the laboratory in a hurry to get home to supper and though he was turning off the lights when he flipped the wrong switch.

I'll tell you, the Russians have a Russian answer for everything. If I had one of em living next to me on an adjoining farm and his cows got over into my pasture and I complained, he'd come out with an indignant statement that my pasture was attacking his cows and I owed him money for the outrage.

All I've got to say is I'd like to meet some of these people who will accept a signed agreement from Russia on anything. I've got some Confederate bonds I'd like to sell them for cash.

Yours faithfully,

J. A.

A Tribute . . . .

To Our Merchants

Storekeepers, we think, are entirely too modest. They serve you and your family faithfully every day. Yet how often do you remember their importantance in your life? The merchant is a businessman. He must carry a heavy investment. He must own his building or pay rent for it. There are clerks and salespeople to pay. And a constantly-changing display of food or merchandise of some kind. The merchant must always make you think that "the customer is always right". Which isn't always true. So remember the trials and tribulations of your grocer, cleaner, department-store merchant, et cetera. And give them the fairness they deserve!

Health Officials Report

3 Milam Towns List Unit Co-op Plans

The Milam County Health Unit 1957-58 budget was completed during June and approved by the Commissioners Court on June 13. Rockdale, Cameron and Thorndale have declared intentions to contribute to the support of the Health Unit.

Plans to secure another nurse are temporarily stalled, officials said. Although money is available to pay the salary of another nurse during the summer, the County School Board is unable to arrange finances for her salary during the school year as previously planned, officials pointed out.

The clinic in the Thorndale City Fire Station will open July 9th. The Thorndale School has loaned several pieces of furniture which has been refinished by volunteers and the personnel of the Health Unit. An area of the fire station will be curtained off for privacy when necessary. The Thorndale churches have helped finance this clinic through collections taken at the Union Church Services every fifth Sunday.

Communicable diseases reported during June were:

Measles 44, Strept throat including scarlet fever 16, Shigellosis 7 and Gonorrhea 2.

Polio immunizations apparently have dropped off despite the fact that the polio season is here. Thirty-two series and 20 boosters were given in the Milam County Unit Clinics in June.

Capitol Report

Can State Pay For Fall Session? Fep. Carr Asks

By Vern Sanford

AUSTIN — "Summertime and the livin' is easy" says the song. But under the State Capitol dome there's quite a bit to keep folks uneasy, even in this summer lull.

House Speaker Waggoner Carr stirred things up by saying he was afraid the state couldn't afford the possible half-million-dollar tab for a special session in the fall. It might mean new taxes, said Carr, since the last Legislature appropriated nearly every cent now in sight for the next two years.

Gov. Price Daniel, who is considering the special session, hastened to say that he had "no idea" of submitting a new tax request. He pointed to his recent effort to get foreign oil imports limited so Texas production could be increased. Much of Texas' tax revenue comes from oil production, so this move, if successful, could improve the state's financial outlook.

Another source of uneasiness is the Travis County grand jury — hard at work, despite the heat. Insiders predict six or seven indictments resulting from the ICT and bribery investigations begun by the Legislature.

If true, this means more people are in trouble than outsiders can as yet account for.

Others are critical of the State Water Board's inaction. Plagued by internal disagreements, the board has delayed a year in ruling on the Canyon Dam squabble. In this case the City of San Antonio and the Guadalupe-Blanco River Authority locked horns over whether San Antonio could get water from the proposed dam.

Governor Daniel will be able to make a new appointment to this board in August.

Trail of Ex-Rep. James E. Cox of Conroe is set to open Monday (July 15), but there are good indications it'll be delayed.

Weeds Consume Water

Weeds on ranges use from six to eight times more water than do good native grasses, says G. O. Hoffman, extension range specialist, and he advises either mechanical or chemical control methods to keep weeds down. Ask your local county agent for pub-and wed control.

If Junior has outgrown his play pen, baby bed, or high chair you can sell them for cash through a Herald want ad.

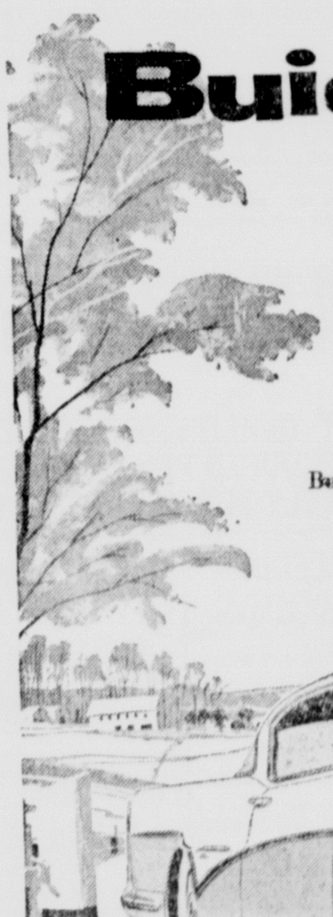
For Buick Owners Only



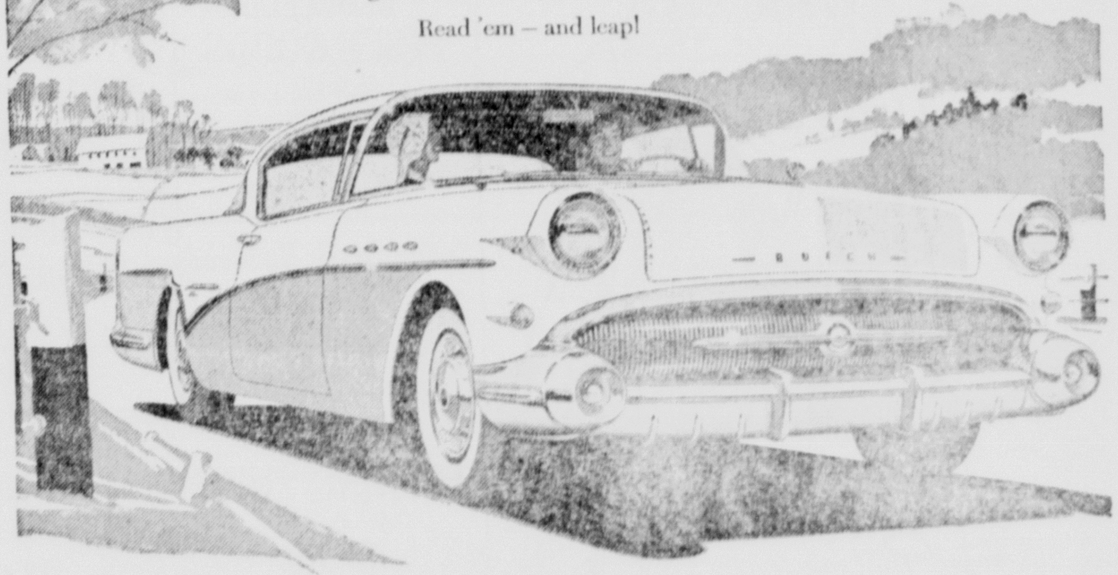
If you own an earlier Buick than our 1957 product, you're probably reluctant to part with it — and who can blame you?

After all — regardless of year or model — there's nothing like a Buick to set you a cut above the ordinary run of mortals — make you feel master of all you survey.

But listen. As wonderful as your present Buick is — we can name at least six good reasons why you should look into a 1957 Buick now.

Six good reasons why you should try this *dream car to drive* — today.

Read 'em — and leap!



6 Reasons To See Your Buick Dealer Today

1. Today's INSTANT Dynaflow* — Response? Whew! Smoothness? Wow! Never in history such a sweet sense of control, security, safety for yourself, your family, everyone else on the road!

2. Brilliant V8 Power on Tap—This big engine—completely new in 1957—blends plenty of eager energy with silky silence. World's most advanced combination of displacement, compression, bore-stroke ratio, nodal-point balance!

3. Zestful New "Nested" Ride—Take Buick's traditional torque-tube, coil-cushioned ride—cradle it to the lowest center-of-gravity in Buick annals—and brother! You never had it so smooth.

4. Buick's One and Only Safety-Buzzer*—What's the safest pace you want to drive at? Whatever it is, turn a dial till that figure appears in a "window." If you exceed that pace, the buzz-zz-z tells you. Simple. Thoughtful. A great safety advance.

5. Unique Ball-Joint Handling and New Braking—Your steering is amazingly easy. Your cornering is amazingly deft. Your braking stays on the level. (And Buick's powerful new brakes dig in for straighter, swifter, safer stops!)

6. Suave Low-Sweep Styling—Clean, crisp, classic lines in the finest Buick tradition—beautiful to look at and live with. Up to 3.4 inches lower, yet more room inside. Including legroom for the folks in the middle!

P.S. You'll like today's Buick prices—and your Buick dealer's high trade-in allowances.

*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special. Safety-Buzzer standard on Roadmaster, optional at extra cost on other Series.

TELEPHONE TALK

by C. L. Carson, Manager

KEEP IN TOUCH

If you're like most of us, you sometimes have an un-easy feeling after out-of-town company has left, especially if they have a long drive to make on today's crowded highways.

A lot of folks do more than just worry about such a situation. They keep in touch by telephone. Those words you hear, "Yes, we got home all right," can relieve lots of anxiety.

More and more people are finding out that Long Distance is a real bargain, especially when calls are placed after six in the evening or all day Sunday. And when you call, don't forget to call by number. Your call will go through twice as fast that way.

A BIT OF COLOR

The trend today is toward color — whether in new cars, ladies' fashions or telephones.

The selection of modern telephone sets now available is certainly keeping step with today's colorful living. We have phones that blend into an overall room scheme; others that contrast with any background; and sets that harmonize with your present color scheme.

A color set will brighten up any room in your home, and you'll be surprised to find out how reasonable they really are.

If you'd like to find out more about the eight decorator colors that are available, just call the telephone company. Or better still, drop in to see them the next time you're close by.

REACH — DON'T RUN

Can you think of anything that makes you madder than running from one end of the house to the other to answer the telephone—only to find that there's no one on the line?

A handy extension telephone would have saved those extra steps—and might have meant that the call would have been completed, too.

Extension telephones conveniently located throughout your home, can make it possible for you to reach for the phone instead of running to answer it.

And with the cost so small (only .03 2-3 cents a day), you can afford to have an additional telephone in the kitchen, bedroom, den, or just about any place where you spend a lot of time.

Call by number. It's twice as fast.

Double Ring Ceremony Unites Mary Helpert-Leon Atomanczyk

Miss Mary Jo Helpert, daughter of Mr. and Mrs. Henry Helpert, Sr., of Burlington, became the bride of Leon Atomanczyk, son of Mr. and Mrs. Jacob Atomanczyk, Jr., of Bremond, June 22 in St. Michael's Church of Burlington.

Rev. Marion Atomanczyk, brother of the groom, performed the double ring ceremony before an altar arrangement of gladiolas, zinnias and ferns.

Mrs. Lawrence Stalker, sister of the bride, was organist. St. Michal's choir sang the Nuptial High Mass.

Given in marriage by her father, the bride wore a formal gown of imported French lace and tulle over taffeta. Th fitted bodice was accented with a Sabrina neckline with long sleeves that tapered to points at the wrists. Tiers of tulle formed the front of the skirt with lace overlay that fell gracefully down either side of the tulle. Her fingertip veil of illusion fell from a crown of seeded pearls. She carried a bouquet of white gladiolas and lilly of the valley.

Miss Margie Helpert, sister of the bride, was maid of honor. Bridesmaids were; Misses Betty Joe Warhol and Mary Elizabeth Kubica. They wore identical waltz length gowns of yellow, green and orchid crystallette over taffeta with matching picture hats and carried bouquets of gladiolas.

Belinda Helpert, niece of the bride, was flower girl. She wore a floor length gown of blue crystallette over taffta.

Billy Atomanczyk, brother of the groom, was best man. Groomsmen were; James Helpert and Don Krysinski. Raymond Kubica, nephew of the bride, was ring bearer.

A reception dinner and dance were held in St. Michal's Parish Hall following the ceremony.

Out of town relatives and friends attending the wdding were from; Baytown, Brenham, Bremond, Agua Dulce, Robstown, Dallas, Ft. Worth, Waco, Denton, Marshall, San Antonio, Houston, Rosebud and Shreveport, La.

Following a short wedding trip to San Antonio and Corpus Christi, the couple will reside in Waco where they are employed.

Ashers Recognized On 5th Anniversary With Local Church

The Congregation of the First Baptist church honored Mr. and Mrs. Jimmy Asher with the tea set to their silver service last Sunday on the anniversary of their fifth year with the local church.

The church started the silver service with a tray when the Ashers moved to Cameron from Georgetown and have added to it each year. This piece will complete the set.

Mr. Asher is the Educational Director for the First Baptist church and Mrs. Asher is also active in the young people work.

A revival to start July 14th is also being planned in celebration of the fifth anniversary for Rev. A. F. Russell and Mr. Asher.

Carole Heitman Attends Annual Girls State

Carole Ann Heitman, daughter of Mr. and Mrs. W. G. Heitman, was a member of Girls State recently in Austin.

Miss Heitman, a senior student, was chosen for this honor by the teachers and student council of Yoe High School and sponsored by the American Legion Auxiliary.

Miss Nita Erb, Texarkana, was elected Governor of Girls state. She appointed Carole Ann to the position of Assistant Chief Justice of the Supreme Court of Civil Appeals.

In addition to her office Miss Heitman was in the Girls State Choir and a member of the first Girls State Band.

Among the activities arranged for the 350 girls were an inagural ball with members of Boys State, an open house and a talent night. Miss Heitman was a member of the cast for a "This Is Your Life" skit at the talent show.

Girls State is held each year to promote better citizenship by actual participation in the state government.

Country Club To Be Scene Of TSCW Alumni Club Picnic

The TSCW Alumni Club will have their annual picnic Friday at 7 p.m. at the Cameron Country Club.

Mrs. James Kahler, who is in charge of arrangements for the picnic, announced that alumni, their families and guests are invited to the picnic. A special invitaton is extended to Agge Exes, their family and guests.

Mrs. Kahler also announced that drinks will be furnished by the club and each family is asked to bring their own picnic supper.

Mrs. Allen, Daughter Enjoy Weekend Trip

Mrs. Homer Allen and her daughter, Mrs. R. M. Clark, spent three days in Fort Worth last week visiting Mrs. Allens relatives.

During their visit they enjoyed fishing and boat riding on the Eagle Mountain Lake. They reported seeing a floating hamburger stand on this excursion.

Other events during the weekend were a picnic with her brother and family at Lake Worth and family films shown by Mr. and Mrs. Crittenton on their lawn.

Young Married Class Holds Picnic Supper

The Young Married Class of the First Presbyterian Church enjoyed a picnic last Thursday evening at the City Park.

Attending the picnic were Mr. and Mrs. Grady Allen, Mr. and Mrs. Mitchell Chancey, Mrs. Lyle McDermott and children, Mrs. Nita Schoffield, Mr. and Mrs. Bill Peck Miss Lillie Ann Jekel, Mr. and Mrs. Frank Luecke and Rev John C. Solomon.

— PM —

Mrs. W. V. Withers is visiting her granddaughter, Mrs. James E. Speer and family this week. Mrs. Withers is from Comanche.

In Jones Prairie

Mr. and Mrs. Leland Burnett were hosts to a barbecue dinner Sunday evening honoring Miss Sharron Swanzy on her 14th birthday.

Mrs. P. L. Bergun and Mr. August Knipp visited with relatives Mr. and Mrs. Helnuth Vogelsang in San Antonio Tuesday.

James M. Wiggs Move Into Remodeled Home This Week

Mr. and Mrs. James M. Wiggs are now at home at 402 N. Central. The Wiggs have done extensive remodeling work on the house purchased from the estate of Mrs. R. H. McIntosh last fall. Mr. Wiggs stated that there were still some improvements to be made on the inside but the major jobs are finished. He added that the outside painters should be through this week.

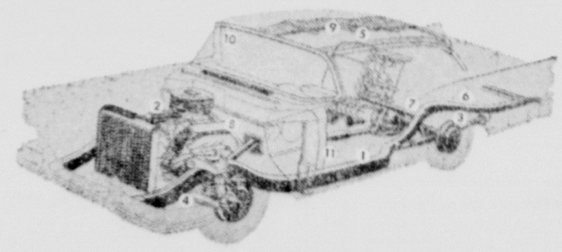
Ford wins the battle of the builds

• Sure! Many people buy Fords because of their long, low, whistle-collecting looks. Do you blame them? But beauty alone isn't enough to earn for a car the No. 1 spot in America's heart. And that's just what Ford has earned. The *real* secrets of Ford's success are the extra values that go into *building* a Ford. Let's look at a few of these features. Ford shares them only with a select number of America's most expensive cars. But you get them at low Ford prices.



1. Only Ford in its field offers a frame design that lets you ride within the frame side members for greater roominess, more smoothness and increased safety.

2. Only Ford in its field gives you a modern V-8 engine with rigid, deep-block design for smoother, quieter, longer-lived operation.

Cotton Groups May Apply For S-D Plan

COLLEGE STATION — Cotton improvement groups, other than those in counties where the deadline has passed, are urged to apply now for free cotton classification and market news service.

The final date for submitting a group application is August 1, says Fred Elliott, extension cotton specialist.

Any group of producers which organizes to promote the improvement of cotton, adopts a single cotton variety, files application, arranges for sampling and meets certain other requirements is eligible for free Smith-Doxey services, according to Elliott.

He urges producers to submit their applications well in advance of the ginning season if they wish to obtain the classification of cotton ginned early in the season.

Samples submitted must be cut from each side of the bale by a bonded sampler or by an employe of a public warehouse or compress which issues negotiable warehouse receipts. Representative samples must be obtained.

Applications from eligible counties should be made as soon as possible after members have planted their cotton. The actual deadline is August 1.

Last year, more than 126,500 Texas farmers in 239 cotton improvement groups were eligible for Smith-Doxey services. Nearly 90 percent of the cotton produced in the state during 1956 was classed under the program.

Instructions and applications are available from county agricultural agents, local AMS cotton classing offices, or from the Cotton Division, AMS USDA, Room 506, U. S. Terminal Annex, Dallas 2, Texas.

Farmers Can Get Gas Refund Forms At Agent's Office

Officials at the county extension office this week reported that forms are now available for farmers wishing to get refunds on federal excise tax on gasoline used in farming.

They said that forms may be obtained at the county extension office.

Claims for the present federal tax rate of three cents a gallon are to be made on Form 2240. The forms also may be obtained at the Temple Internal Revenue office.

Also available is a booklet explaining the farmer's gas tax refund program.

The amount claimed must be based on the quantity of fuel used for farming purposes on individual farms and ranches during the period July 1, 1956 to June 30, 1957.

Legislation enabling the refund was passed in the spring of 1956.

An instruction sheet for preparing the application will also accompany the form.

Feed Crops Due Some Rain Here, County Agent Says

Corn, maize and all feed crops would benefit from a good rain this week, according to County Agent J. D. Moore.

He pointed out in his weekly crop report that it was dry for all field work last week.

Small grain crops all are harvested, he said. And corn, grain sorghum, hay and feed crops need a good rain for maximum yields.

Cotton has grown well for the past 30 days, Moore said. April-planted cotton is blooming while a medium to light flea hopper infestation has hit most fields.

Livestock conditions continue good though screw worm cases in livestock are pretty common.

He said that the green tomato movement is about over. Cantaloupe marketing is in full swing, but watermelons are late with a short crop in sight.

Session To Discuss New Texas Egg Law

There will be a meeting in Temple on Friday July 19, to discuss the recently passed egg law by the Texas Legislature, according to J. D. White, county agent.

The meeting will be held in the Agriculture Building, Temple Fair Grounds, beginning at 1:30 p.m. and ending at 4:30 p.m.

The meeting is sponsored by the Extension Service in cooperation with the State Department of Agriculture at Austin. A representative of Commissioner of Agriculture White's office will be there to answer questions pertaining to the bill and interpret the meaning of the blil for those in need of such information.

Cameronites Attend Pauler Reunion In Schulenberg, Texas

The descendants of the late Frank and Mary Pauler held their annual reunion on June 9 in Schulenberg with ninety-four members and three guests present.

The oldest member presnt for the reunion was Adolf Jistel of Cameron. Mr. Jistel also had the largest family present with 18 members. The youngest present was Deborah Lynn Heupers, daughter of Mr. and Mrs. Pete Heupers of Weimar.

There were two marriages during the year and ten babies were born to members since the last reunion. Mr. and Mrs. Frank Pauler of Schulenberg were married the longest of those present and Mr. and Mrs. Frank Pauler, Schulenburg, were the most recently married. Traveling the longest distance for the reunion was the Edwin Skypala family of Hereford.

Attending the reunion from Cameron were Mr. and Mrs. Adlof Jistel, Billy and Clarence, Mr. and Mrs. R. W. Kurtz, Ray and Diane, Adolph Kostiha, Patricia Hertenberger and Lillian Kostroun.

The next reunion is planned for the second Sunday in June, 1958 at the Emil Pauler home, Schulenberg. Julius Pauler of Schulenberg and Edgar and Florence Brossman, San Antonion will be in charge of the arrangements.

What do you need? Chances are, you can get it through a Herald want ad.

County Agent's Note

Farmers See Need For More Area Rain

By J. D. Moore, County Agent

Most county farmers agree that a good rain is what feed crops need now.

The rain would have been more beneficial last week but would still help. Due to the wet spring, corn and grain crops have a shallow root system, making them more susceptible to dryness than a deeper root system.

Cotton plants are deep rooted and do not suffer from dry weather as quickly as shallow rooted feed crops. Generally, cotton looks good. Farmers are still cautioned to check their cotton plants for flea hoppers. It is very important that cotton plant put on fruit now. Damage from cotton flea hoppers are the most curren reason for he absence of squares on cotton plants.

Pogue Corn Good

If you would like to see what water at the right time will do for corn, visit the Pogue Farm operated by C. O. Angell in the Hanover community. Supplemental water will pay nine years out of ten when used on feed crops at the right time.

A report was received this week on a sample of St. Augustine grass sent to the A & M Laboratory by Mrs. Frank Monroe. The grass was dying out in shaded areas of the yard. Dr. Harlan Smith of the Pathology Department, diagnosed the trouble as Piricularia leaf spot. This condition is described as small, circular, brown-to-tan spots that may be come thick enough to kill the leaves. They are worse in warm, humid weather. Water grass properly. Cut grass when dry. Fungicides listed for control are Captan and Zineb. More than likely the leaf spot will never completely kill out the grass but only make it look bad.

Milam County Agent J. D. Moore will take a three-week short course in farm management at Texas A & M College, July 15-August 2. Farmers with urgent problems during this time are advised to contact Mrs. McDaniel, Extension Secretary.

Cantaloupes Open Texas Melon Season

By Julia Hunter

Luscious fragrant cantaloupes open the melon season. Fitting into any part of a meal from appetizer through dessert, they are pretty as picures, delicious in flavor and extremely healthful. An excellent source of vitamins A and C, they are also a good source of other lesser known but important nutrients. With all this, they are an ideal food for weight-watchers. An average size melon contains about 75 calories.

Select vine-ripened mature melons for finest flavor and texture. There are two guides to help you make your selection: the stem end of the melon and the webbing or netting. Look for a slightly sunken, smooth, well-calloused scar at the stem end. This means the melon was mature and ready for harvest. It separated cleanly from the vine, leaving this "fingerprint."

The webbing or netting on a ripe cantaloupe is well-raised, coarse, dry and grayish in color. The background between the webbing should be light in color.

To store a cantaloupe, wash and dry it well, wrap it well in waxed paper, aluminum foil or plastic film and store it in the refrigerator. Experts say a cantaloupe should never be chilld by filling the cavities of the cut melon with ice. This dilutes the special flavor.

For a frosty first course, place half-inch cubes or balls of cant aloupe in serving dishes. Pour iced ginger ale over the melon and sprinkle with minced frshe mint.

Add cantaloupe wedges to a platter of sliced cucumbers, tomato wedges and fresh green onions It goes just right as salad with fresh garden vegetables—squash and green beans or black-eyed peas, for instance.

A fresh fruit cup makes a cooling finish for summer meals. Combine thin slices of cantaloupe, sliced fresh peaches and halved green grapes. Chill thoroughly, spoon into serving dishes and drift coconut flakes over each serving.

MELON RING SALAD: Cut chilled cantaloupe into crosswise slices about one inch thick. Peel the rings. Place one ring on crisp salad green for each individual salad. Soften cream cheese with cream and season it lightly with salt. Place a spoon of the cheese in the center of each ring. Sprinkle the cheese with slivered, toasted salted almonds.

ARTHRITIS?

I have been wonderfully blessed in being restored to active life after being crippled in nearly every point in my body and with muscular soreness from head to foot. I had Rheumatoid Arthritis and other forms of Rheumatism, hands deformed and my ankles were set.

Limited space prohibits telling you more here but if you will write me I will reply at once and tell you how I received this wonderful relief.

Openings Exist In 'Gyroscope' Replacement Unit

Prior service men are needed to fill vacancies in ceratin grades and military occupational specialties (MOS) that exist in the 4th Armored Division. This division has been designated as a "gyroscope unit," and will replace the 2nd Armored Division in Germany this fall.

An enlistment option is open to men who have been out of the service not more than ninety days from date of discharge. Enlistments are also available to men desiring in-service transfer.

A limited number of married men, to be accompanied by their dependents, can be accepted. Eligible married men must indicate whether they desire assignment to the 4th Amored Division in the event their dependents will be unable to accompany or join them during the entire overseas tour due to non-availability of quarters in the overseas area.

Enlistments for four or more years are being encouraged so that individuals may receive full benefit of training and stability of assignment, and may accompany the 4th Armored Division to and from overseas. However, enlistments for three years will be accepted.

This is an outstanding opportunity for those who would like to see Europe, have security in assignment, and receive the many benefits offered in the United States Army.

Prior service men who are interested in reenlistment in the United States Army for assignment to the 4th Armored Division may obtain more information on the grades and MOS vacancies at the U. S. Army Recruiting Station, 102 North Main, Temple.

Public Hearing Set For Tuesday On New FM Road

A public hearing is scheduled for 1:30 p.m. Tuesday at the Commissioners Court on proposed work and route of a farm-to-market road from SH 36 northwest to Yarrellton.

C. B. Thames, district engineer for the state highway department, said the proposed road would start from SH 36 near Cameron, going northwest to Yarrellton.

He said the effects of the new road on property owners would be considered. The new road will be numbered FM 2269, he said.

It will be built in accordance with Sect. 116c of the 1956 Federal Aid Highway Act.

"Comments from all interested people will be invited and a tape recording will be made in line with instructions," Thames said.

A transcript of the discussion will be forwarded through the state highway department to the Bureau of Public Roads and other officials, he continued.

The hearing will be held in the commissioners court room of the Milam County Courthouse.

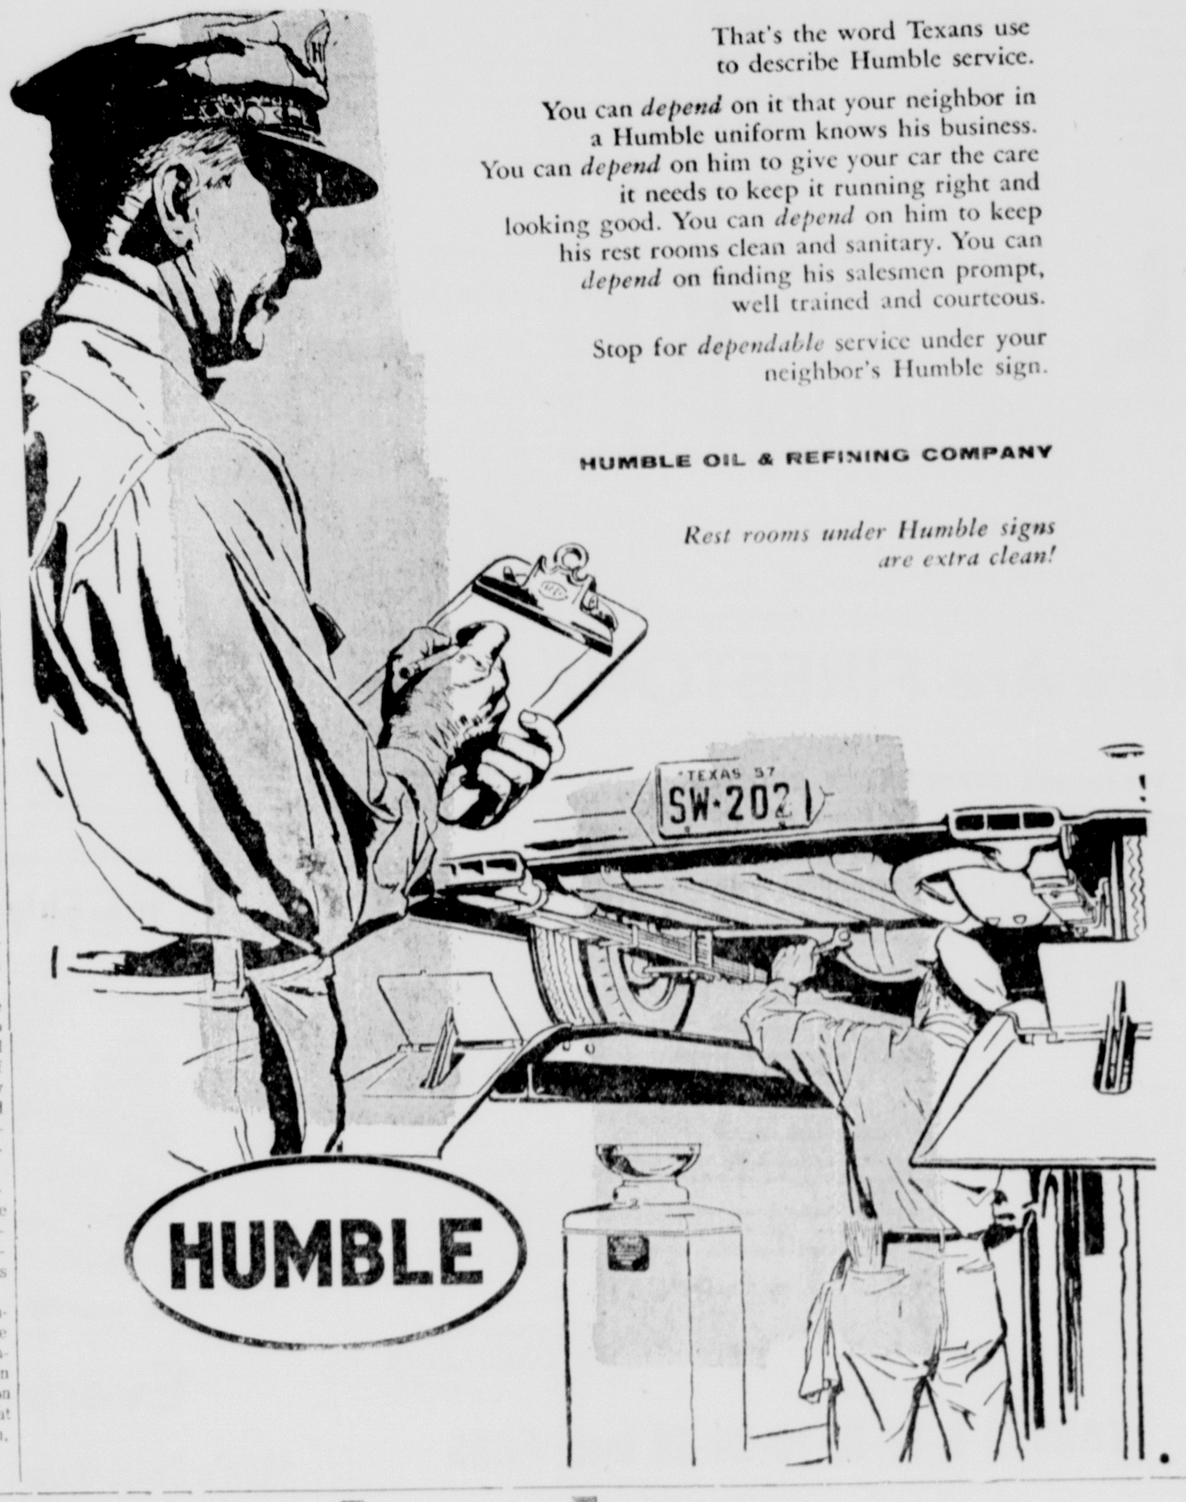
DEPENDABLE

is the word for Humble Service



That's the word Texans use to describe Humble service.

You can *depend* on it that your neighbor in a Humble uniform knows his business. You can *depend* on him to give your car the care it needs to keep it running right and looking good. You can *depend* on him to keep his rest rooms clean and sanitary. You can *depend* on finding his salesmen prompt, well trained and courteous.

Stop for *dependable* service under your neighbor's Humble sign.

HUMBLE OIL & REFINING COMPANY

Rest rooms under Humble signs are extra clean!

An angry man is Sylvester T. Bly,
Who today was sold a piece of "blue sky."
He'd stepped in a showroom—out of the rain,
Was sold a new car before he could explain!

How he hated the styling—so high and square
And in new features it was really bare.
"I got a real bargain—the buy of my life—
But how do I ever convince my own wife?"

Moral: You're paying for a new car... make sure you get one!

When you buy a new car, put your money on tomorrow—not yesterday. Swept-Wing Dodge actually *obsoletes* other cars in its field. Should you invest in high, boxy styling when Dodge offers the low, low look of tomorrow? Should you invest in outmoded coil springs when Dodge offers new Torsion-Aire Ride? Should you invest in an old-fashioned lever-type transmission when Dodge offers the ease of Push-Button Driving? In other things, too—engines, brakes, interiors—Dodge is years ahead. So put your money on tomorrow. See your Dodge dealer. **Join the swing to the Swept-Wing Dodge!**

Mr. and Mrs. Henry Lippman and daughter, Suzanne, of Cameron, went to San Antonio a few days last week where they visited his sister and brother-in-law, Mr. and Mrs. Charlotte Lee.

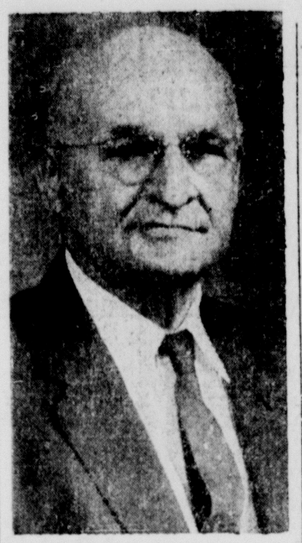
The week before the Lippmans also visited Galveston with Mr. and Mrs. "Doody" Ward, Rogers, and the Lippmans' nephew, "Uncle Stevie" Ward.

The group stayed at the Jack Tar Courts.

Diseases Total 16 Cases In Milam

Disease count in Milam County upto July 5 totaled 16 cases, according to Dr. John Bryson, county health unit director.

The count includes: measles 2, strept throat 7, influenza 4 and chickenpox 3.



Judge Gun Dies After Brief Illness

Judge Ed Gunn, 77, Milam County lawyer for 37 years, died June 13 after a brief illness.

Judge Gunn had lived his entire life in Milam County. During his early years he had taught school and had served as Justice of the Peace in Rockdale. Later, he was appointed city attorney in Rockdale. He also served several years as a member of both the Rockdale School Board and the Milam County School Board. In 1942 he was elected District Attorney, which office he held for ten years.

He was a member of the First Methodist Church in Cameron, had served on the Board of Stewards, had taught the Men's Bible Class for a number of years, and at the time of his death was teacher of the Wesley Bible Class.
